**Sri Lanka Private Touring Overview**

Few places on the planet hold as many UNESCO World Heritage Sites (8 total) as Sri Lanka, including the compelling +2000-year-old “Cultural Triangle” of Sigiriya, Polonnaruwa, and Anuradhapura. A cutting from the Bodhi tree of Buddha, planted in 268 B.C., still remains here, a symbol of this country’s strong Buddhist ties, also visible in Sri Lanka’s culture which fully embraces the concept of altruism, kindness, empathy, and hospitality. Think of Buddhism as the Golden Rule (squared!). It is no coincidence that the Buddhist-based Southeast Asia culture of Sri Lank represents the highest level of service and hospitality that you will find anywhere else in the world!

**Day 1**

**Fly to Colombo**

Through our sister company, premium air provider TRAVNET, we may assist with your international airfare, as well as with mileage points conversion.

**Day 2**

**Arrive Colombo + Fly to Anuradhapura**

Upon arrival in Colombo, you will be assisted in connecting to your flight to Anuradhapura. A UNESCO World Heritage Site, we consider Anuradhapura among the most interesting collections of archaeological and architectural wonders in all of South Asia. This sacred city was established around the cutting from the “tree of enlightenment”, the Buddha’s fig tree brought there in the 3rd Century B.C. by Sangha Mitta, the founder of an order of Buddhist nuns. You will subsequently be transferred to the Vil Uyana.

**Vil Uyana**

Sri Lanka’s first stilted resort, this remote high-touch 5-Star property has a Balinese look/feel, conceived within a private wetland nature preserve. Considered by many to be the country’s finest eco-luxury hotel, Vil Uyana was inspired by the habitat creation of the highly regarded Wildfowl and Wetland Trust/London Wetland Center. An assortment of wildlife can be observed on the grounds, including crocodiles in the pond, monitor lizards and even elephants visiting for a refreshing dip. The Vil Uyana is truly a verdant, lush environment with its 25 thatched “dwellings” occupying a 23-acre abandoned paddy field/wetland. The hotel includes all the usual high-touch amenities: a spa, pool, varied, delicious food options, Wi-Fi, and entertainment systems in all rooms. Being a short distance from the iconic rock pillar Sigiriya, you can actually see the site from many of Vil Uyana’s villas.

**Day 3**

**Sigiriya + Polonnaruwa Private Touring**

You will pay a visit to the UNESCO World Heritage Site of Sigiriya, the impressive archaeological ruins of the capital built by the parricidal King Kassapa (477-495 A.D.), and that lie on the steep slopes and at the summit of a granite peak (“Lion’s Rock”) standing 600 ft. You will continue on to the second capital of Sri Lanka after the destruction of Anuradhapura in 993 A.D., Polonnaruwa, somewhat comparable to Angkor Wat in scope and scale. The ruins are divided into five groups, with the Quadrangle, home of the sacred tooth relic, being perhaps the most compelling.

Accommodations: Vil Uyana

Day 4

#### **Dambulla Cave Temple Tour + Minneriya National Park**

First visit the Dambulla Cave Temple, a sacred pilgrimage site for over 22-Centuries, this temple includes five sanctuaries covering over 23,000 square feet. Within each sanctuary are Buddhist murals and statues, including three statues of Sri Lankan kings and four statues of gods and goddesses. Continue to the flora and fauna rich Minneriya National Park, a critical part of the elephant corridor and home to almost 300 elephants.

Meals: Breakfast  
Accommodations: Vil Uyana

Day 5

#### **Drive Sigiriya/Kandy**

You will drive to Kandy, Sri Lanka’s lush, green cultural capital and gateway to the country’s “Hill Country”, first stopping at Peredeniya Botanic and Spice Garden. Our favorite garden in all of Sri Lanka, this meticulously maintained 150-acre landscape includes an outstanding collection of orchids, a majestic avenue of royal palms, and a most impressive spice garden. Next, visit the Temple of the Sacred Tooth, housing Sri Lanka’s most important Buddhist relic, amazingly, the left upper canine of the Lord Buddha himself, though unfortunately not on display. In the late afternoon, you will be transferred to the King’s Pavilion.

#### **Kings Pavilion**

This relatively new, 9-room boutique luxury property has become the “in” luxury stay at Kandy. The manicured grounds and design of the main building are somewhat similar to the Ceylon Tea Trails properties in the Tea Country. This is an ideal location for Kandy touring as it is less than one mile from the city.

Meals: Breakfast  
Accommodations: King’s Pavilion

Day 6

#### **Fly Kandy/Weerawila + Yala National Park**

You will be transferred to Weerawila via Cinnamon Air, first stopping at the Chena Huts for lunch and freshening up, before embarking on an afternoon game drive at Yala National Park. With a total protected area of approximately 490 square miles, Yala National Park is considered Sri Lanka’s most prominent area for wildlife and safari. Amidst the area’s flora and fauna are plentiful monkeys, peacocks, 200 species of birds, an elephant population of over 300, and the number one attraction – leopards!

### **Chena Huts**

Open late December 2015, Chena Huts us by far the highest quality lodge near Yala Park – a good choice John! This 5-star luxury lodge certainly compares favorably with luxury lodges in Botswana. Made up of 14 thatched, dome-like “huts”, each unit includes its own plunge pool and large deck. The rooms are spacious, with the modern amenities you would expect from a luxury lodge. Though a 42” LED TV in each hut is quite a surprise, other extras include a small spa and beachfront dining. Similar to lodges you may have experienced in Africa, you will be escorted to your hut each night due to wildlife safety concerns. Enjoy!

Meals: Breakfast

Accommodations: Chena Huts

Day 7

### **Drive Yala/Tangalle**

After a morning game drive, you will be transferred to Amanwella in Tangalle.

### **Amanwella**

Designed by Sri Lankan architect, Geoffrey Bawa, the 30-suite Amanwella has an aesthetic that is both minimalist and contemporary. The service here is personal, high-touch, and reflective of the local culture/customs. With an expansive 2,600 ft. pristine sandy beach, among the finest beaches in all of Sri Lanka, we recommend suites 110, 111, and 112, the ones closest to the beach.

Meals: Breakfast

Accommodations: Amanwella

Days 8 - 9

### **Tangalle Free Days**

After a relaxing breakfast at the Amanwella, you will have the day at your disposal to enjoy the beach and the beautiful surroundings.

Meals: Breakfast

Accommodations: Amanwella

Day 9

### **Drive Tangalle/Galle + Fly Kogalla/Colombo/U.S.**

One of Sri Lanka’s eight UNESCO World Heritage Sites, Galle was colonized by the Portuguese, Dutch and British, beginning in the early 1500’s (hence the amazing array of colonial architecture). In the afternoon, you will be transferred to the Kogalla airport for your return flight to the U.S., with connection in Colombo.

Ceylon Tea Trails Extension

### **Fly Galle/Sigiriya + Drive to the Ceylon Tea Trails**

Over the next two days, enjoy several different picturesque tea plantation trails as well as a visit to the Mackwoods Labookellie Tea Center/Plantation. Established in 1841 by British Ship’s Captain William

Mackwood, the plantation covers 27,000 acres and employs over 12,000. A tea sommelier will provide you with a detailed overview of tea making, followed by a special tasting.

### **Ceylon Tea Trails, Tientsin Bungalow**

Made up four separate, small boutique bungalows (Castlereagh, Summerville, Norwood, and Tientsin, each with 4-6 bedrooms), the lodges were originally built for British tea estate managers in the late 19th and early 20th centuries. Built in 1888, the six-suite Tientsin Bungalow was named after the Chinese village from which the original tea seedlings came. The British gardens here (including the rose terraces) are little changed since their creation in the 19th century. Each suite at Tientsin is faithful to the property's original design, with polished wooden floors, high ceilings, and four-poster beds.
