

Kenya & Tanzania Luxury Safari

Please note that all of the itineraries listed in our web site are actual private tour itineraries we have prepared for clients over the past 12-18 months. In the very nature of what we do, each private tour itinerary is custom, exclusive and unique unto itself. Our over-riding goal is to create lifelong memories that you and your family will forever carry deep within your hearts.

Overview

Though South Africa, Botswana, Namibia, Rwanda, and Zambia may be our favorite high touch safari destinations over the past few years, we certainly cannot overlook the uniqueness of Kenya and Tanzania's wildlife areas which include Lower Wildlife Conservancy, Masai Mara National Reserve Ngongoro Conservation Area, and Serengeti National Park. There is no roughing it here as the 5-star Safari House, Sanctuary Oloneta, Masai Mara, and Ngongoro Crater Lodge all offer a custom luxury experience. The flagship wildlife feature of Ngongoro is the Ngongoro Crater, home to over 250,000 animals, including the "Big 5". Complementary to Ngongoro is the iconic Serengeti National Park and the Mara River in the Masai Mara National Reserve, where, though becoming increasingly less predictable, two million wildebeests usually pass through from mid-June to August.

For our clients passionate about hiking, we may offer a seven-day ascent up Mt. Kilimanjaro via the Machame Route offering the challenge of a lifetime, but much rewarded by a relaxing, luxury safari experience after!
